

We are excited to invite **original and review studies** in the Session

[Water Security Frameworks, Assessment Tools and Applied Systems](#)

European Geosciences Union (EGU), 3-8 May 2020, Vienna, Austria

The EGU annual assembly is considered as the **Europe's premier event** with more than **15,000 participants**, dedicated to the pursuit of excellence in the Earth, planetary, and space sciences for the benefit of humanity, worldwide.

Our Session welcome studies with focus on **inter-disciplinary conceptualization of water security** by including different dimensions like hydrological, socio-economic, environmental parameters among others. We also welcome studies on the **interpretation of water security into risk management assessments** and development of early **warning and forecasting systems**.

The Call for Abstracts is already open with Deadline on 15 January 2020, 13:00 CET.

Authors will have the option to submit a full paper for a **Special Issue** on **“Water risks, security and resilience”** in the [Hydrology Research](#) journal, published from IWA, that will be issued by **October 2020**.

We are looking forward to receiving your contributions!

The Conveners

[Stefanos Xenarios](#), Assoc. Professor in the Graduate School of Public Policy, Nazarbayev University, Kazakhstan.

[Bjørn Kløve](#), Professor in Water Resources Engineering and Director of the Water, Energy and Environmental Engineering Research Unit at the University of Oulu, Finland.

[Paolo Perona](#), Professor and Chair of Environmental Engineering at the University of Edinburgh, UK.

[Eduardo Aralal](#), Assoc. Professor in the Lee Kuan Yew School of Public Policy (LKYSPP) of the National University of Singapore (NUS) and Co-Director of the Institute of Water Policy in NUS.
